Supply Chain Management Locally**

About ISCEA (International Supply Chain Education Alliance)

ISCEA, The International Supply Chain Education Alliance, with its headquarter in the USA, conducts many workshops to improve the knowledge of Manufacturing and Service industry professionals worldwide. ISCEA's mission is to be a single source for Total Supply Chain Knowledge through Education, Certification, and Recognition. ISCEA is the developer of internationally recognized certification programs of Certified Supply Chain Manager (CSCM), Certified Supply Chain Analyst (CSCA), Certified Lean Master (CLM), and Certified RFID Master (RFIDSCM). ISCEA is the governing body for the Ptak Prize. 46,000 plus ISCEA online members hold mid to upper supply chain management positions in Global 2000 companies. Visit www.iscea.net/bangladesh for more information about ISCEA programs.

About the CSCM™ (Certified Supply Chain Manager) Exam

ISCEA CSCM™ is steadily increasing in acceptance by Supply Chain Industry as the certification that covers the Total Supply Chain Operation. In addition to standard supply chain methodology, CSCM™ will also cover topics such as Leadership, Lean Six Sigma, Theory of Constraints, and Operational Accounting. ISCEA CSCM™ certify that the holder is both expert in Supply Chain theory and a practitioner, who can manage and lead a modern Supply Chain Organization with P&L responsibilities.

The CSCM Workshop and Exam Focuses on - Supply Chain Body of Knowledge 80%, TOC/Throughput Accounting 5%, Leadership & Team Building 5%, Lean Six Sigma 5%, Sustainability 5%

About the CSCA™ (Certified Supply Chain Analyst) Exam

This program is ideal for those getting started in the field of supply chain management, individuals that come into contact with customers or suppliers, and those that will be part of an improvement initiative such as creating a lean supply chain or implementing an ERP system.

The CSCA Workshop and Exam Focuses on – Supply Chain Body of Knowledge 100%

Workshop and Exam Fees
